Health Equity In Progress

“Increasing access to care for children and adults with fetal alcohol spectrum disorders (FASD)”

Health Equity in Progress is a critical new component of the Population Health Coordinating Committee

PLEASE SAVE THE DATE FOR THIS IMPORTANT DISCUSSION

Thursday, November 7, 12:00 – 1:30 PM

[URMC Zoom link](#) | Meeting ID: 962 2260 8389

[Christie L. M. Petrenko, PhD](#)

**Research Associate Professor of Psychology
Associate Professor of Pediatrics
Director of Clinical Training**

Dr. Petrenko leads a multidisciplinary program specializing in improving access to care and quality of life for people with FASD. She holds leadership roles including President of the FASD Study Group, Board member of the National Organization on Fetal Alcohol Syndrome, and field editor of the journal *Alcoholism: Clinical & Experimental Research*.

Dr. Petrenko will present from 12:45 - 1:15 PM. Our regular PHCC agenda begins at noon. Details to come.
