“Results from the Community Survey on Clinical Research”

Presented by:

Carrie Dykes, Ph.D, Director of Research Services
Cody Gardner, M.B.A., Research Engagement Specialist

**This session will require your participation before the event.
See information below.**

Last year, the CTSI conducted more than 600 surveys at community locations and online to measure our community’s attitudes toward clinical research. We will present the findings from that survey and compare them to the SCORE group.

Objectives

- 1. Learn about our community’s current attitudes towards research.**
- 2. Compare results from the community and SCORE participants.**
- 3. Discuss how these results could impact the work we do with research volunteers.**

In advance of the meeting, please [fill out the survey.](#)

To request accommodations for this event (such as ASL Interpreters), email [SCORE](#) by **noon on Thursday, April 9.**

Did You Know? Depending on a specific topic, SCORE meetings may qualify toward maintenance of certification. Attendees must report and retain documentation of event (Certificate of Attendance distributed by SCORE). For details, see websites [ACRP](#) and [SOCRA](#).
