

EMBARK

Accelerating to a new era of
clinical research together.

COVID-19: It's on everyone's mind

Check out resources for the research community:

- [Guidance for Researchers](#)
- [Guidance for Human Subject Researchers](#)
- Zoom Q&A coming soon
 - Reducing in-person study visits to protect your health and the health of your subjects
 - If you have extra capacity, this might be a great time to tackle OnCore work

TRAINING

100%

All staff have finished their required OnCore training.

ACCESS

100%

All staff have been granted access to OnCore.

PROTOCOLS

27%

Several departments have finished their protocol work in OnCore.

CALENDARS

7%

A few departments have finished entering their calendars into OnCore.

OnCore Two-Step Implementation

Step 1

Protocol and Participant Information

- **Starting now:** This information will be pushed to eRecord by department as soon as all work for that department is finished
- After the push, you can **START** managing participants in OnCore and **STOP** doing it in eRecord

Step 2

Calendars/Financial Information

- **Starting April, 2020:** This information will be pushed to eRecord by department as soon as all work for that department is finished
- Can start visit tracking in OnCore once calendars are released
- After the push, research billing review will be streamlined

Please Prioritize Your Work

- Research Compliance is experiencing an historic volume of work
 - Is prioritizing that work to support Embark and NCI designation
 1. **Active, billing-risk studies** and **new oncology studies** will be processed first.
 2. **New, non-oncology studies** will be reviewed as Research Compliance is able.
 3. **Non-billing risk studies** (e.g. registry studies, studies with no clinical charges/procedures/billing) will be processed after July 1.
- Please prioritize your work around these guidelines

We can help

- Call into our [support sessions](#):
 - [Working Labs](#): dedicated time to work in OnCore with in person help from the Embark team.
 - [Financial Webinars](#): Tips, tricks and guidance on how to perform financial tasks in OnCore from the Embark team.
- Get one-on-one support by emailing Embark@urmc.Rochester.edu
