# Need Study Coordinator Support? Sponsor a trainee!

The UR CTSI will have another training course for human subject research coordinator trainees starting January 2, 2024.

If your department needs coordinators this is a great way to hire an entry-level coordinator trainee who can be promoted overtime to more senior positions. Jobs will need to be posted by October 1, 2023.

Email [researchhelp@urmc.Rochester.edu](mailto:researchhelp@urmc.Rochester.edu) if you want to hire a trainee.

# Using Digital Technologies in Research: Remote Monitoring

UR CTSI will highlight real-world examples of remote monitoring and at-home data collection with electronic devices.

Thursday, August 17, 2023

3:00 pm to 4:00 pm

REGISTER
