CLINICAL & TRANSLATIONAL  
SCIENCE INSTITUTE

# HighEnroll.org Smartphone App

- The app is used by your clinicians to find studies for their patients
- Looking for departments who want to implement use of the app
- Email [ResearchHelp@urmc.Rochester.edu](mailto:ResearchHelp@urmc.Rochester.edu) if your department wants to use the app

# Leveraging Cell Phones in Your Research

Hosted by the UR Clinical and Translational Science Institute, we will hear from investigators who have looked at leveraging cell phones in their research work, sharing their experiences, successes, challenges, and lessons learned.

Tuesday, November 28  
11 a.m.-12:00 p.m.

[Registration Required](#)

# MyChart Recruitment Service at Johns Hopkins Workflow and Lessons Learned

The team from Johns Hopkins will discuss their collaboration with study teams, focusing on custom messaging development and programming query creation for batch recruitment messaging.

Monday, December 4  
12-1 p.m.
