Professor and Chair, Department of Neurology

*To register for this seminar:* <https://forms.gle/FGhx8E6igEbWGzZSA>

Career development awards are an important milestone in the careers of faculty who have the goal of becoming an independent investigator. The application process for these awards require a strong commitment from all those involved and a clear workplan and defined timeline for success. This seminar will provide the nuts and bolts for submitting an application and tips for success.

*At the conclusion of the seminar, the participant will able to:*

1. To provide an overview of the importance and types of career development awards
2. To review the process of applying for a career development award
3. To share “lessons learned” and tips for preparing a successful career development award
4. To showcase forums and help available at the URMC when preparing your application

**Open to all faculty, staff, and students**

**ACCREDITATION** The University of Rochester School of Medicine and Dentistry is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

**CERTIFICATION** The University of Rochester School of Medicine and Dentistry designates this live activity for a maximum of 1 *AMA PRA Category 1 Credits(s)*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
