

U OF ROCHESTER RADIATION ONCOLOGY RESIDENCY PROGRAM

RESIDENT CORE ROTATIONS:

WILMOT CANCER CENTER, HIGHLAND HOSPITAL CANCER CENTER & PLUTA CANCER CENTER

Clinical assignments for Radiation Oncology residents are based upon 2 to 3 month rotations on ten individual services, accounting for approximately 42 of the 48 months of training. Five to 6 months of dedicated clinic time is afforded each organ system, providing residents with optimal exposure to the entire spectrum of oncology patients and their treatments.

While the majority of these rotations take place at the Wilmot Cancer Center, which is housed within the University of Rochester Medical Center, residents also rotate to the nearby Highland Hospital Cancer Center and the Pluta Cancer Center, where they gain experience in treating gynecologic and breast cancer.

Each rotation is managed by a single physician faculty member who is able to give the resident assigned to his or her service the one-to-one individual attention needed for an enriching educational experience.

Green Service / Attending: Kevin Bylund, MD Sites: Genito-urinary & gynecological cancers Location: Highland Hospital Cancer Center & Wilmot Cancer Center
Red Service / Attending: Marilyn Ling, MD Site: Breast cancer Location: Pluta Cancer Center
Orange Service / Attending: Yuhchrau Chen, MD, PhD, Department Chair Sites: Head and neck & thoracic cancers Location: Wilmot Cancer Center
Yellow Service / Attending: Alan Katz, MD, MPH Sites: Gastro-intestinal cancers Location: Wilmot Cancer Center
White Service / Attending: Deepinder Singh, MD Sites: Head and neck & thoracic cancers Location: Wilmot Cancer Center
Purple Service / Attending: Michael Milano, MD, PhD Sites: CNS & thoracic cancers / Special Procedures: Stereotactic Radiosurgery Location: Wilmot Cancer Center
Gray Service / Attending: Kenneth Usuki, MD Sites: CNS cancers & GI cancers / Special Procedures: Stereotactic Radiosurgery Location: Wilmot Cancer Center
Blue Service / Attending: Louis Constine, MD Lymphomas, sarcomas, CNS & Pediatrics Location: Wilmot Cancer Center
Pink Service / Attending: Hong Zhang, MD, PhD, Sites: Genito-urinary, gynecological & general oncology Location: Highland Hospital Cancer Center
