

Roads Status Information

511New York is the free, official one-stop, all-encompassing telephone and Web service offering information on transportation services and conditions throughout New York State. This information is available 24 hours a day, seven days a week. **511** is the national three-digit phone number reserved for travel information. The phone service is an interactive voice system reachable by landline and cellular phones and driven by a user's voice or phone keys. A personalized TransAlert subscription service provides notifications of major incidents and can be customized to give alerts by county.

NITTEC: Niagara International Transportation Technology Coalition (NITTEC) is a coalition of agencies developed to help get you where you are going more safely and efficiently. NITTEC provides real-time traffic and roadway information to improve traffic flows, and enhance emergency assistance for motorists using the transportation system. Less time spent in congested traffic means less energy consumption, less air pollution, and reliable travel times for personal and business travel. A mobile app is available. <http://www.nittec.org/>

The Thruway Authority provides a wide variety of information for travelers, including traffic cameras and traffic conditions. <http://www.thruway.ny.gov/index.shtml>

waze application

Get the best route, every day, with real-time help from other drivers. Waze is the world's largest community-based traffic and navigation app. Join other drivers in your area who share real-time traffic and road info, saving everyone time and gas money on their daily commute.
