

Richard M. Spiro, MD, FACS, FAANS

Chief of Neurosurgery at Erie County Medical Center, Director of Neurotrauma for the Department of Neurological Surgery at the University of Buffalo, Assistant Professor of Neurosurgery SUNY at Buffalo

Dr. Spiro joined UBNS in 2019 as Director of Neurotrauma for the Department of Neurological Surgery at the University of Buffalo and is currently the Chief of Neurosurgery at Erie County Medical Center, where his clinical focus is on complex cranial and spine injuries.

Previously he was the director of the Pennsylvania Brain and Spine Institute. Prior to that leadership, Dr. Spiro served on the faculty in the Department of Neurological Surgery at the University of Pittsburgh. He eventually became the Division Chief of Spine Surgery which was the largest spine division in the United States.

Board certified by the American Board of Neurological Surgery, Dr. Spiro has published extensively in peer reviewed medical journals on the topic of complex spinal reconstruction. He is a member of American Association of Neurological Surgeons and Congress of Neurological Surgeons.
