Stories for the health of our community.

## The trial that saved me

When you hear the words “clinical trial,” you might think of lab coats, complicated science, and uncertainty. But for many people in our community, clinical trials at the University of Rochester Medical Center have meant something much simpler and far more powerful: hope. Meet some of the people who chose to take part in research here and you’ll witness the miracle of tomorrow’s cures today. (Estimated reading time: 3 minutes)

## A reunion at Highland Hospital, 30 years in the making

For Nathan and Ciara West, choosing the hospital where they would bring their son, Theo, into the world was simple. What they could not have imagined was how that choice would connect them to a person who had changed the course of Ciara’s life 30 years earlier. (Estimated watch time: 7 minutes)
