News for friends of the Medical Center.

## 2022 Miracle Kid: Abigail "Abby" Quinn

A cold put healthy teen Abby at death's door, and a multidisciplinary care team at Golisano Children's Hospital brought her back. After a harrowing year, Abby has made an extraordinary recovery.

## Poised for pride: Strong earns health care equality designation

Strong Memorial Hospital has again been named one of the nation's leaders in LGBTQ+ inclusion and equality initiatives by the Human Rights Campaign Foundation. The Healthcare Equality Index surveys health care facilities on policies and practices dedicated to the equitable treatment and inclusion of LGBTQ+ patients, visitors and employees.

## First graduate of new Wilmot curriculum is motivated to help cancer patients

Carlos Ortiz-Bonilla, PhD, is the first graduate of a new course concentration in cancer biology, spearheaded by the Wilmot Cancer Institute. His research focused on how the tiny vesicles released from bladder cancer cells influence the growth and spread of the disease.

## Save the Date: Survivors Night

Friday, July 29

7:05 p.m.

Frontier Field

Anyone affected by cancer is invited to join Wilmot Cancer Institute for "Survivors Night" with the Rochester Red Wings. Cancer survivors and their families are welcome to participate in a parade on the field before the game. Tickets cost \$4. Learn more and purchase tickets by contacting Katy Hanrahan at 585.455.8591 or [mkphanrahan@gmail.com](mailto:mkphanrahan@gmail.com)

## Make a donation to help future patients and families

A gift, of any amount, to any area of the University or Medical Center that means the most to you, by June 30 will make an immediate impact. Donations can be made online. There are other ways to get involved, too, like [participating in Wilmot's Warrior Walk and 5K](#).

## Social media highlight

 UR Medicine  
8h · 🌐

Awesome moment for Greyson, who got to throw out the first pitch at a Rochester Red Wings game this season. (Watch to the end to see that Greyson cheering section!)

This moment may never have happened without UR Medicine's brain mapping, which helped Greyson, 9, through successful brain tumor surgery.

To learn more about Greyson's full story and to sign up for Sunday's Head for the Cure 5k/walk benefiting the Del Monte Institute and brain mapping, visit [www.tbm.urmc.edu](http://www.tbm.urmc.edu).
