

Rare Books & Manuscripts, Edward G. Miner Library
Drawings of Natt C. Jacobs

Container List

Box One

- Folder 1: Carcinoma of uvula, 192-? (Preliminary drawings)
- Folder 2: Leukoplakia of the bladder, 1921 (Color wash)
- Folder 3: Human monochorial twin embryos in separate amnions, 1926 (Pen & ink)
- Folder 4: Colon, mesentery, etc., 3/20/25 (Pencil)
- Folder 5: Embryo (22x), 1926 (Conte crayon on brown paper, wash highlights)
- Folder 6: Gangrene of the foot, 1926 (Color wash)
- Folder 7: Mixed tumor of parotid, 1/7/26 (Conte crayon)
- Folder 8: Thrombosis, left internal saphenon, 1927 (Color pencils)
- Folder 9: Bladder sections, 1927 (Pen & ink)
- Folder 10: Stomatitis, 1/10/27 (Prelim. drawing)
- Folder 11: Stricture, uretal pelvic junction, 1/12/27 (Prelim. conte drawing)
- Folder 12: Condyloma, 2/7/27 (Tone drawing)
- Folder 13: Anemia, eye manifestation, 3/14/27 (Color wash)
- Folder 14: Subconjunctival hemorrhage (whooping cough), 5/9/27 (Color wash over pencil)

- Folder 15: Erythema infectiosum, 11/16/27 (Color wash)
- Folder 16: Melanotic tumor? 1928 (Color wash)
- Folder 17: Rickets-tetany, 3/15/28 (Color wash)
- Folder 18: Nirvanel rash in chorea, 3/23/28 (Color wash)
- Folder 19: Ligation of femoral artery and vein, 5/11/28 (Tone drawing)
- Folder 20: Instruments used in brain surgery, 11/7/28 (Photo of finished drawing & original)

- Folder 21: Cellulitis, L. & R. foot, 11/20/28 (Tone drawing)
- Folder 22: Carcinoma of stomach, 1929 (Pen & ink)
- Folder 23: Small bowel obstruction, 1929 (Color wash)
- Folder 24: Neuroma of ulnar nerve, 1929 (Pen & ink)
- Folder 25: Sections of duodenum and ileum, 1929 (Tone drawing)
- Folder 26: Battle's sign, 3/11/29 (Red conte crayon and color wash)
- Folder 27: Gangrenous toe, 3/28/29 (Color wash & conte crayon)
- Folder 28: Gangrenous toe, 3/28/29 (Color wash & pencil)
- Folder 29: X-ray burn, 4/18/29 (Color wash & pencil)
- Folder 30: Gangrenous foot, 4/25/29 (Color pencils over wash)
- Folder 31: Radial nerve injury, 6/29/29 (Color wash & pencil)
- Folder 32: Spina bifida, 9/5/29 (Pencil & ink wash)
- Folder 33: Oral hypodermic injection, 1930 (Tone drawing)
- Folder 34: Carcinoma of larynx, 3/11/30 (Tone drawing)

Box Two

- Folder 1: Stomach ulcer, 12/5/30 (Tone drawing)
- Folder 2: Location of embolus in the popliteal artery, 1931 (Tone drawing)
- Folder 3: Venospasm (hand), 1931 (Color wash over red conte crayon)
- Folder 4: Cancer of prostate, 3/31/31 (Water color)
- Folder 5: Carcinoma of penis? (Tone drawing)
- Folder 6: Thromboangitis obliterans, 1932 (Color wash)
- Folder 7: The management of perforation of the cervical esophagus, 1932 (Tone drawing & prelim. drawings)

- Folder 8: Actinomycosis, 1932 (Color pencil)
- Folder 9: Melanotic sarcoma of vulva, 1932 (Tone drawing & prelim. sketches)
- Folder 10: Myeloplax/Th. 5-spine 7, 1/19/32 (Tone drawing)
- Folder 11: Radial nerve suture, 11/28/32 (Tone drawing)
- Folder 12: Inversion of uterus, 1933 (Tone drawing)
- Folder 13: Fracture of lateral meniscus, left knee, 1933 (Conte crayon & white wash)
- Folder 14: Inspissated meconium, 1933 (Conte crayon, color pencils)
- Folder 15: Melanoma, inguinal lymph gland, 10/13/33 (Color pencil & wash)
- Folder 16: Rupture of subclavian artery due to injury by tomb stone, 1934 (Pen & ink)

- Folder 17: Retroperitoneal peritheliangioma, 1/34 (Color wash over conte crayon)
- Folder 18: Subdural hematoma, 1935 (Color wash)
- Folder 19: Lymphosarcoma, 1936 (Pen & ink)
- Folder 20: Unidentified graphic recording procedure (Pencil)
- Folder 21: Parapharyngeal space, 1937 (Pen & ink)
- Folder 22: Closure of bladder wall; approximation of mucosal surfaces of vagina, 1937 (Tone drawing)

- Folder 23: Diagrammatic representation of the construction of a hinged costal cartilage transplant, 1937 (Pen & ink)

- Folder 24: Freiburg's vesical tractor with blades open in bladder, 1937-38 (Tone drawing)

- Folder 25: Carotid tumor-post-operative, 1939 (Tone drawing)
- Folder 26: Polyp on bowel? (gastroscope) 194-? (Color wash)
- Folder 27: Pyonephrosis, 1940 (Tone drawing)
- Folder 28: Large bowel (gastroscope), 1947 (Color wash)
- Folder 29: Sarcoma or lymphosarcoma lesion (gastroscope), 194-? (Color wash)
- Folder 30: Degenerative patches in a case of atrophic gastritis (gastroscope), 194-? (Color wash over crayon)

Box Three

- Folder 1: Hydronephrosis-acute & chronic pyelonephritis (left half of right kidney), 1942 (Tone drawing)
- Folder 2: Diagram of dorsal view of the anterior layer of Denonvillier's fascia, 1944 (Pen & ink)

- Folder 3: Head of femur-Vittalium cup, 1945 (Prelim. drawing)
- Folder 4: Saggital sections, abdomen (male), 5/18/45 (Prelim. pencil drawing)
- Folder 5: Pyloric antrum (dog)-the relative position and shortness of the afferent limb of the gastrojejunotomy, 1947 (Tone drawing)
- Folder 6: Atrophic gastritis, 1947 (Color wash)
- Folder 7: Plan of cardiobasilograph, 3/21/47 (Prelim. drawing)
- Folder 8: Unidentified thoracic operation (dog)-vena cava tied, 1948 (Tone drawing)
- Folder 9: Hydronephrosis and chronic pyelonephrosis, 2/48 (Pen & ink)
- Folder 10: Tumor above atlas, 1949 (Conte crayon & ink wash)
- Folder 11: Exteriorized infundibula in a single kidney with medial rotation, 4/7/49 (Tone drawing)
- Folder 12: Submaxillary duct calculi, 1950 (Prelim. drawings)
- Folder 13: Pulmonary valvular stenosis, 1957 (Tone drawing)
- Folder 14: Pheochromocytoma, 9/19/57 (Color pencils)
- Folder 15: Obstruction of descending colon, n.d. (Pen & ink)
- Folder 16: Exposure of thyroid gland, n.d. (Tone drawing)
- Folder 17: Acute appendicitis, n.d. (Color wash)
- Folder 18: Sacrum & coccyx, n.d.(Tone drawing)
- Folder 19: Jacobs bookplate, n.d.
- Folder 20: Denonvillier's fascia, n.d. (Prelim. pencil drawing)
- Folder 21: Deep muscles of neck and jaw, n.d. (Pen & ink)
- Folder 22: Dog-"spring" removed from thoracic aorta, n.d. (Tone drawing)
- Folder 23: Bilateral complete duplication of ureters and pelves in 5-mo. old female, n.d. (Pen & ink)
- Folder 24: Location of Graafian follicles, site of corpus luteum, n.d. (Pen & ink)
- Folder 25: Blood clot-ligation of femoral vein, n.d. (Pen & ink)
- Folder 26: Topography of fascial spaces, n.d. (Pen & ink)
- Folder 27: Ligneous phlegmon, n.d. (Color pencils)
- Folder 28: Cauliflower ear, surgery, n.d. (Tone drawing)
- Folder 29: Operation for harelip, n.d. (Prelim. pencil drawings)
- Folder 30: Carcinoma of stomach, n.d. (Pencil)
- Folder 31: Gastric ulcer, n.d. (Pencil & white wash)
- Folder 32: Raynaud's disease-appearance of hand, n.d. (Color wash over pencil)
- Folder 33: Intestinal obstruction due to peritoneal attachment, n.d. (Pen & ink)
- Folder 34: Carcinoma of ureter, n.d. (Prelim. drawings)
- Folder 35: Statue of Liberty splint with elbow joint, n.d. (Prelim. drawings)
- Folder 36: Vas def.-unidentified operation, n.d. (Prelim. drawings)
- Folder 37: Unidentified surgical illustrations (6) (Half tones)

Box Four

- Folder 1: Tumor, frontal lobe, 192-? (Prelim. drawing)
- Folder 2: Partial amputation of fetal arm by umb. Cord, 3/17/2-? (Prelim. drawing)
- Folder 3: Cyst, thyroid gland, 2/5/25 (Prelim. drawing)

- Folder 4: Origin & development of mesentery in embryo, 10/25 (Prelim. drawing)
- Folder 5: Radium treatment of uvular neoplasms, 1/1/26 (Prelim. drawings)
- Folder 6: Recto-vaginal tear, 2/11/26 (Prelim. drawing)
- Folder 7: Tumor-armpit, 2/12/26 (Prelim. drawing)
- Folder 8: Lemur urinary tracts, 2/12/26 (Tone drawings + prelim. sketches)
- Folder 9: Tubercular kidney, 2/15/26 (Prelim. drawing)
- Folder 10: Recto-vaginal tear with fistula, 2/20/26 (Prelim. drawing)
- Folder 11: Median nerve suture (right wrist), 7/27/26 (Prelim. drawing)
- Folder 12: Kidney stones, 9/7/26 (Prelim. drawings)
- Folder 13: Thyroidectomy, 11/26 (1 finished drawing + 1 photo of finished drawing + prelim. drawings)
- Folder 14: Quadriceps tear repair, 1927 (Prelim. drawing + photos)
- Folder 15: Uterine cancer, 3/11/27 (Prelim. drawings)
- Folder 16: Tuber. periton., 6/18/27 (Prelim. drawing)
- Folder 17: Repair for degenerating fibroma in femur, 9/27 (Photo of tone drawing + prelim. drawings)
- Folder 18: Prolapsed bladder, 9/8/27 (Prelim. drawings)
- Folder 19: Enterostomy, 11/3/27 (Prelim. drawing)
- Folder 20: Ligation of hepatic duct, 2/4/28 (Prelim. drawing)
- Folder 21: Pseudohermaphroditism? 2/28/28 (Prelim. drawings)
- Folder 22: Pacchonian granules, 1929 (Photo of finished drawing + prelim. sketch)
- Folder 23: Spinal cell wart, 5/10/29 (Prelim. drawing)
- Folder 24: Autopsy-peritonitis, 12/7/29 (Prelim. drawing)
- Folder 25: Inversion of uterus, 1930 (Prelim. drawings)
- Folder 26: Bladder neoplasms (& radiation treatment), 1930 (Pencil)
- Folder 27: Carcinoma of vagina, 3/22/30 (Prelim. drawing)
- Folder 28: Retroperitoneal hernial, 11/25/30 (Prelim. drawings)
- Folder 29: Imperforate hymen, 12/28/30 (Prelim. drawings)
- Folder 30: Pedunculated papilloma of vulva, 1931 (Tone drawing + prelim. sketches)
- Folder 31: Injection of tibial nerve, 1/30/31 (Prelim. drawing)
- Folder 32: Xynthoma, right foot, 5/15/31? (Prelim. drawing)
- Folder 33: Large tumor from left side of upper abdomen, 10/28/32 (Prelim. drawings)
- Folder 34: Unidentified injection into mandibular foramen, 11/30/32 (Prelim. drawings)
- Folder 35: Rupture, long head of biceps, 1933 (Prelim. drawings)
- Folder 36: Brain tumor, 1/33 (Prelim. drawing)
- Folder 37: Carcinoma of bladder, 2/21/33 (Prelim. drawings)
- Folder 38: Diaphragmatic hernia, 2/10/33 (Prelim. drawings)
- Folder 39: Bladder neoplasms, 6/12/33 (Prelim. drawings)
- Folder 40: Intracranial chordoma, 11/33 (Photos of 3 tone drawings + orig. conte drawings)
- Folder 41: Removal of tumor from sternum, infant, 11/8/34 (Prelim. drawings)
- Folder 42: Ligation of femoral artery, 11/9/34 (Prelim. drawing)
- Folder 43: Non-medulated nerve fiber, 12/6/34 (Prelim. drawings)

- Folder 44: Rupture of aorta at bifurcation, 1/35 (Prelim. drawing)
- Folder 45: Control for enuresis, 6/35 (Prelim. drawing)
- Folder 46: Ulnar nerve injury, 4/23/36 (Prelim. drawings)
- Folder 47: Rectal polyps, 5/4/36 (Prelim. drawings)
- Folder 48: Chondrosarcoma, 6/20/36 (Prelim. drawings)
- Folder 49: Thyroid surgery, 8/26/36 (Prelim. drawings)
- Folder 50: Stomach tumor, 12/36 (Prelim. drawings)
- Folder 51: Repair of vesico-vaginal fistula, 12/31/36 (Prelim. drawings)
- Folder 52: Intestinal transplant, 1/29/37 (Prelim. drawing)
- Folder 53: Adamantanoma, right jaw, 6/16/37 (Prelim. drawings)
- Folder 54: Unidentified vaginal operation, 11/37 (Prelim. drawings)
- Folder 55: Kraurosis of the vulva, 11/22/37 (Color wash over pencil & ink)
- Folder 56: Arteries of dog's leg, 1939 (Pen & ink)
- Folder 57: Uterine myoma, 1/27/38 (Tone drawing)

Box Five

- Folder 1: Sclerosis of head of femur, 194-? (Prelim. drawings)
- Folder 2: Unidentified bladder operation, 194-? (Prelim. drawings)
- Folder 3: Rhinoplasty, 1940-41 (Prelim. drawings)
- Folder 4: Obstruction of esophagus, 6/5/41 (Prelim. drawings)
- Folder 5: Interscapular gland, 1942 (Prelim. drawings)
- Folder 6: Hermaphroditism in twins, 10/24/42 (Prelim. drawings)
- Folder 7: Primary carcinoma of left kidney, 11/25/42 (Prelim. drawing)
- Folder 8: Abdominal series, 1943 (Prelim. drawings)
- Folder 9: Operation for p[?]itis ani, 1943 (1 finished drawing, prelim. drawings)
- Folder 10: Sympathetic denervation of the arm (by intraspinal root section), 3/4/43 (Prelim. drawings)
- Folder 11: Tumor on right side attached to apex, 6/43 (Prelim. drawings)
- Folder 12: Esophago-tracheal fistula, 11/21/43 (Prelim. drawing)
- Folder 13: Ruptured nucleus pulposus, 12/14/43 (Prelim. drawings)
- Folder 14: Extra-uterine pregnancy with living child, 1944 (Pencil & wash)
- Folder 15: Duodenum reconstruction, 2/44 (Prelim. drawings)
- Folder 16: Carcinoma of tongue, 2/17/44 (Prelim. drawings)
- Folder 17: Operation for eye muscle imbalance, 4/18/44 (Prelim. drawings)
- Folder 18: Unidentified vaginal operation, 9/27/44 (Prelim. drawings)
- Folder 19: Unidentified pancreas operation, 1946 (1 tone drawing, 1 photo of line drawing, prelim. sketches)
- Folder 20: Infected scar (inguinal area), 3/21/45 (Prelim. drawing)
- Folder 21: Persistence of hyperplastic primary vitreous, 1946 (Water color over pencil)
- Folder 22: Diverticulum of esophagus, 3/18/46 (Prelim. drawing)
- Folder 23: Smithwick operation, 4/24/46 (Prelim. drawings)
- Folder 24: Ductus arteriosus, 5/29/46 (Ink & wash drawing + prelim. sketches)
- Folder 25: Studies of the vagus nerve, 10/31/46 (Prelim. drawings)

- Folder 26: Stenosis of portal vein, 1948 (Prelim. drawing)
- Folder 27: Tubal pregnancy into broad ligament, 11/46 (Prelim. drawings)
- Folder 28: Metastatic carcinoma (male genitalia) from ca. of large bowel, 1/7/47 (Prelim. drawings)
- Folder 29: Surgical formation of anus, 12/2/47 (Prelim. drawings)
- Folder 30: Peritoneal hernia, 2/17/48 (Prelim. drawings)
- Folder 31: Tumor transplant in eye of guinea pig, 11/16/48 (Prelim. drawings)
- Folder 32: Removal of kidney stone, 12/6/48 (Prelim. drawing)
- Folder 33: Corneal surgery, 1949 (Prelim. drawings)
- Folder 34: Cleft palate, 1949-50 (Prelim. drawings)
- Folder 35: Abductor pollicis, 1949 (Prelim. drawings)
- Folder 36: Distribution of cancers of colon, 2/49 (Prelim. drawings)
- Folder 37: Isolated loops of sigmoid for bladder, 4/49 (Prelim. drawings)
- Folder 38: To bridge a defect in aorta-surgery on dog, 12/29/49 (Prelim. drawings)
- Folder 39: Prolapse of rectum, 1/31/50 (Prelim. drawings)
- Folder 40: Coarction of aorta, 6/13/52 (Prelim. drawings)
- Folder 41: Metastatic nodules, 9/8/52 (Line drawing + prelim. sketch)
- Folder 42: Bladder tumor-dog experiment, 11/13/52 (Prelim. drawings)
- Folder 43: Varicosis of the esophagus, 5/8/53 (Prelim. drawing)
- Folder 44: Duodenal surgery, 9/18/53 (Prelim. drawings)
- Folder 45: Gastrocolic ligament, 12/18/53 (Prelim. drawing)
- Folder 46: Cover design for C.D. Sherman's Current concepts in esophagal surgery, 1946
- Folder 47: Carcinoma of bladder in dogs, n.d. (Tone drawing)
- Folder 48: Male figures: full front (pencil); $\frac{3}{4}$ back (color wash), n.d.
- Folder 49: Tumor transplant in right eye of guinea pig, n.d. (Prelim. sketch)
- Folder 50: Adamantonoma (ameloblastoma), n.d. (Prelim. drawing)
- Folder 51: Unidentified surgical illustrations (Finished drawings)
- Folder 52: Female genitalia, n.d. (Prelim. drawing)
- Folder 53: Plastic surgery, nose, n.d. (Prelim. drawings)
- Folder 54: Lymph sarcoma, n.d. (Prelim. drawing)
- Folder 55: New approach to pineal body, n.d. (Prelim. drawings)
- Folder 56: Restructuring voluntary sphincter ani, n.d. (Prelim. drawings)
- Folder 57: Autopsy, rectal cancer, n.d. (Prelim. drawing)
- Folder 58: Tumor, choroid plexus, n.d. (Prelim. drawings)
- Folder 59: Glioma of optic chiasm, n.d. (Prelim. drawing)
- Folder 60: Proteolytic necrosis, n.d. (Prelim. drawings)
- Folder 61: Ovarian cyst, n.d. (Prelim. drawing)
- Folder 62: Ulnar nerve repair, n.d. (Prelim. drawing)
- Folder 63: Osteoporosis, n.d. (Prelim. drawing)
- Folder 64: Tuberculosis of the kidney, n.d. (Prelim. drawing)
- Folder 65: Spinal cord tumors, n.d. (Prelim. drawing)
- Folder 66: Tumor at 2nd lumbar vertebra, n.d. (Prelim. drawing)
- Folder 67: Lymphsarcoma (tumor between coccyx & rectum), n.d. (Prelim. drawings)

- Folder 68: Plastic surgery of external ear, n.d. (Prelim. drawings)
- Folder 69: Male urogenital anatomy, n.d. (Prelim. drawings)
- Folder 70: Placenta previa, n.d. (Prelim. drawings)
- Folder 71: Carcinoma of the vulva, n.d. (Prelim. drawings)
- Folder 72: Carcinoma of head of pancreas, n.d. (Prelim. drawing)
- Folder 73: Unidentified colon surgery, n.d. (Pencil)
- Folder 74: Bladder, prostate, etc., n.d. (Prelim. drawings)

Box Six

- Folder 1: Gangrene of foot, 12/27/27 (Color pencils)
- Folder 2: Double uterus, with occlusion of vagina, 1942 (Pencil)
- Folder 3: Ventral hernia, 7/24/26 (Pencil)
- Folder 4: Thrombin in the control of bleeding associated with prostatic surgery, 1945 (Tone drawing + photo)
- Folder 5: Aneurism of abdominal aorta, 1943
(Finished drawings, photos, + prelim. drawings)
- Folder 6: Pretracheal space, retrovisceral space, lungs-horizontal section, 1937
(Pen & ink)
- Folder 7: Repair of hypospadias, 1947 (Tone drawings + prelim. drawings)
- Folder 8: Miscellaneous facial skin grafts (F. Young, M.D.), 1940s
(Pen & ink + prelim. drawings)

Box Seven

- Folder 1: Raynaud's disease-foot (Color wash over pencil)
- Folder 2: Vertebrae, n.d. (Tone drawing)
- Folder 3: Miscellaneous surgical illustrations (Finished drawings)
- Folder 4: Urinary tract, 1942 (Pencil)
- Folder 5: Illustrations from Tobin's & Benjamin's Anatomical study and clinical consideration of the fasciae limiting urinary extravasation from the penile urethra, 1944 (Pen & ink)
- Folder 6: Compound fracture of tibia, 1/9/28 (Photos of line drawings + prelim. sketches)
- Folder 7: Repair for funnel chest, 10/49 (Tone drawing & prelim. drawings)
- Folder 8: Denonvillier's fascia, 1944 (1 tone drawing + prelim. sketches)
- Folder 9: Radiography of the hip joint, 1949-50
- Folder 10: Miscellaneous portfolio preliminary drawings:
 - Extravasation experiment, 1947
 - Phlegmonous mass, colo-rectal area, 1932
 - Reattachment of rib with fascial transplant, 1934
 - Full-term ectopic pregnancy, 1944
 - Abdominal viscera, n.d.

- Lung tumor, 1930
- Reduction for shoulder dislocation, 1951
- Massive tumor of abdomen, n.d.
- Breast cancer, n.d.
- Hernia of diaphragm, n.d.
- Pancost tumor, 1944
- Rabbit uterine pregnancy, 1941
- Muscle pull apparatus, 1944
- Adrenal tumor on pancreas, 1944
- Bed of chips from spinous process, 1945
- Tumor at head of femur, 1943
- Coccidiades-immittis, 1940
- Ventral hernia, 1926
- Lumbar puncture, n.d.

Box Eight

- Folder 1: Photographed drawings, 1923-1925
- Folder 2: Photographed drawings, 1926
- Folder 3: Photographed drawings, 1927
- Folder 4: Photographed drawings, 1928
- Folder 5: Photographed drawings, 1929
- Folder 6: Photographed drawings, 1930
- Folder 7: Photographed drawings, 1931
- Folder 8: Photographed drawings, 1932
- Folder 9: Photographed drawings, 1933
- Folder 10: Photographed drawings, 1934-1939
- Folder 11: Photographed drawings, 1940-1949
- Folder 12: Photographed drawings, n.d.
- Folder 13: Reprints with NCJ illustrations, 1920s
- Folder 14: Reprints with NCJ illustrations, 1930-33
- Folder 15: Reprints with NCJ illustrations, 1934-39
- Folder 16: Reprints with NCJ illustrations, 1940s-1950s
- Folder 17: Reprints with NCJ illustrations, incomplete & undated

Box Nine

Negative number:

- 29-32/35. Bladder, radium treatment (glass plates).
- 30-467. Bilateral hydatid cyst of lungs (glass plate).
- 30-500. Ependymoma of 4th ventricle (glass plate).
- 30-774. Medullary carcinoma of breast (1926) (glass plate).
- 30-775. Intercanicular fibromyxoma (glass plate).

31-306. Tumor between 10th & 11th ribs (3 glass plates).
31-896. Coarctation of the aorta (1928) (glass plate).
31-999. Glioma of spinal cord (glass plate).
31-1179. Colloid carcinoma of the cecum (1929) (glass plate).
32-177. Perineural fibroblastoma of cauda equina (1928) (glass plate).
32-451. Tumor of vulva.
32-786. Embolus above bifurcation of aorta.
32-962. Tumor of pons (1930) (glass plate).
32-1003. Breast tumor (1929).
32-1005. Cyst, right breast.
33-224. Carcinoma of bladder.
33-734. Radium treatment of bladder.
35-1200. Spinal cord tumor.
36-405. Aneurysm of int. carotid artery.
36-1023. Ulnar nerve injury.
36-1246. Hypernephroma.
36-1249. Hypernephroma.
36-1250. Tumor in renal vein.
36-1254. Kidney stone.
36-1780. Tracheo-esophageal fistula (1935).
37-217. Tumor, cauda equina.
37-245. Operation for removal of chondroma.
37-337. Intestinal obstruction.
37-970. Ulcerated bowel.
37-1294. Osteoporosis (1935).
38-429. Condylomata (1932).
38-481. Herniated stomach & colon (1936).
41-729. Carcinoma of right ureter.
43-432. Tumor in thoracic cavity.
43-523. Transverse colon (1927).
47-127. Ectopic pregnancy.
48-377. Massive tumor on right side pressing down upon colon (1936).
48-1372. Reconstruction of ureter, catheterization.
50-211. Tumor at orifice of ureter.
58-87. Pheochromocytoma (1957).
