

Strong Memorial Hospital Reaches New Heights

What's Happening?

Planning is underway to **expand** our ED and **modernize** Strong Memorial Hospital.

When complete:

- Our ED will nearly **triple** in size.
- A new nearly 600,000-square-foot **patient tower** will house **private rooms** for a variety of specialty services.

Renovation to ED & Inpatient Areas

Upgrades to patient rooms and day room for the Comprehensive Psychiatric Emergency Program (CPEP); Private rooms for two units—Medicine-Behavioral and Oncology; Specialized OR renovations for OB-GYN, Vascular, Urology and Neurosurgery.

2021

Phase I of ED Expansion Complete

20,000-square-foot expansion decompresses space and adds up to 20-25 beds and an imaging suite.

2022

Construction Begins on Inpatient Tower & ED Expansion Phase II

The 9- or 10-story tower will include:

- New ED entrance with a "Fast Track" section for patients who can be treated and released quickly.
- Two inpatient floors open with private rooms.

2023

2026

Inpatient Tower & ED Expansion Complete

Additional units added in phases, along with a new large OR/interventional suite.

Growing to Continually Deliver Medicine of the Highest Order
