

Semi-Quantitative THC: Change in Testing Methodology

Date: July 21, 2020

Effective Date: July 27, 2020

Semi-Quantitative THC will be changing methodologies from Immunoassay to LCMS/MS. Testing will be performed at UR Medicine Labs Central Laboratory. Semi-Quantitative THC performed via LCMS/MS are expected to have a -50% bias when compared to the Immunoassay methodology.

For additional information, visit the UR Medicine Labs Test Directory:
[https:// www.testmenu.com/rochester](https://www.testmenu.com/rochester)

Expected turnaround times for testing will be within 72 hours from specimen collection excluding weekends and holidays.
