October 31st, 2022

Dear Physicians, Providers and Staff:

Due to a reagent recall, UR Medicine's Molecular Diagnostics Laboratory has an unexpected downtime for our Solid Tumor Next-generation sequencing (NGS) panel (STMP). We expect the replacement reagent by November 1st and anticipate longer than usual turn-around times for the next 2-3 weeks as we process the backlog of samples. We appreciate your patience as we work to resolve testing issues and subsequent reporting delays.

From: Zoltan Oltvai, MD
Director of the Molecular Diagnostic Laboratory
