## Urine Hemosiderin: Change in Performing Laboratory

Date: April 1, 2019

---

Effective Date: May 1, 2019

As of May 1, 2019, Urine Hemosiderin testing at UR Medicine Strong Memorial Hospital will be discontinued. Urine hemosiderin testing will now be available through ARUP laboratories with a turnaround time of 24-48 hours. The specimen requirements for this testing vary slightly from the current testing.

Please see the link below for more information:
