Microarray O44K: Discontinued Test

Date: 07/30/2021

Effective Date: September 1st, 2021

As of September 1, 2021, The Microarray Laboratory will no longer be offering the O44K MaCGH platform (4 x 44K) due to outdated and discontinued technology.

If you have any questions, please contact Dr. Iqbal by any of the methods listed below.
