

## eRecord Changes: Hold Green, Cytogenetics (CYGRN)

Date: May 14<sup>th</sup>, 2025

---

Effective Date: June 14<sup>th</sup>, 2025

Tests Impacted Include:

**Hold Green, Cytogenetics (CYGRN)**

Beginning June 14<sup>th</sup>, as part of a laboratory information system upgrade, **Hold Green, Cytogenetics (CYGRN)** will no longer be orderable as a separate test, but will be part of a group test (see below).

**Flow Cytometry Lymphoma/Leukemia Workup, Bone Marrow** orders will *automatically include* a Hold Green, Cytogenetics (CYGRN) specimen as part of a group test and will only be offered as part of a Bone Marrow Biopsy workup. This change in ordering will not affect diagnostic additions of ancillary testing by Hematopathology.

Please refer to URMCLab test index for all updated ordering, specific test collection and storage requirements.
